JBoss Subscriptions

Item Number	(Renewal) Item Number	Item Description	EUR List Price	Detail	Notes
MCT1149	MCT1149RN	JBoss Enterprise Application Platform, Premium (for up to 4 CPUs)	154 980 CZK	A single distribution that integrates Application Server, Tomcat, Cache, Messaging, Hibernate, Seam, Clustering and JTA. Also includes access to JBoss Customer Support Portal.	Does not include JBoss Operations Network or Developer Support Contacts
MCT1150	MCT1150RN	JBoss Enterprise Application Platform, Standard (for up to 4 CPUs)	103 320 CZK	A single distribution that integrates Application Server, Tomcat, Cache, Messaging, Hibernate, Seam, Clustering and JTA. Also includes access to JBoss Customer Support Portal.	Does not include JBoss Operations Network or Developer Support Contacts
MCT1151	MCT1151RN	JBoss Enterprise Application Platform, Premium (for up to 32 CPUs)	1 033 200 CZK	A single distribution that integrates Application Server, Tomcat, Cache, Messaging, Hibernate, Seam and Clustering. Also includes JBoss Operations Network and access to the JBoss Customer Support Portal.	
MCT1152	MCT1152RN	JBoss Enterprise Application Platform, Standard (for up to 32 CPUs)	688 800 CZK	A single distribution that integrates Application Server, Tomcat, Cache, Messaging, Hibernate, Seam and Clustering. Also includes JBoss Operations Network and access to the JBoss Customer Support Portal.	
MCT1149F3	MCT1149F3RN	JBoss Enterprise Application Platform, Premium (for up to 4 CPUs) 3 year	395 199 CZK	A single distribution that integrates Application Server, Tomcat, Cache, Messaging, Hibernate, Seam, Clustering and JTA. Also includes access to JBoss Customer Support Portal.	Does not include JBoss Operations Network or Developer Support Contacts
MCT1150F3	MCT1150F3RN	JBoss Enterprise Application Platform, Standard (for up to 4 CPUs) 3 year	263 466 CZK	A single distribution that integrates Application Server, Tomcat, Cache, Messaging, Hibernate, Seam, Clustering and JTA. Also includes access to JBoss Customer Support Portal.	Does not include JBoss Operations Network or Developer Support Contacts
MCT1151F3	MCT1151F3RN	JBoss Enterprise Application Platform, Premium (for up to 32 CPUs) 3 year	2 634 660 CZK	A single distribution that integrates Application Server, Tomcat, Cache, Messaging, Hibernate, Seam and Clustering. Also includes JBoss Operations Network and access to the JBoss Customer Support Portal.	
MCT1152F3	MCT1152F3RN	JBoss Enterprise Application Platform, Standard (for up to 32 CPUs) 3 year	1 756 440 CZK	A single distribution that integrates Application Server, Tomcat, Cache, Messaging, Hibernate, Seam and Clustering. Also includes JBoss Operations Network and access to the JBoss Customer Support Portal.	
MCT1153	MCT1153RN	JBoss Enterprise Portal Platform, Premium (for up to 4 CPUs)	309 960 CZK	A single distribution that integrates Portal, Application Server, Tomcat, Cache, Messaging, and Clustering. NOTE: Does not require additional purchase of Application Server as a pre-requisite. Also includes access to the JBoss Customer Support Portal.	Does not include JBoss Operations Network or Developer Support Contacts
MCT1154	MCT1154RN	JBoss Enterprise Portal Platform, Standard (for up to 4 CPUs)	206 640 CZK	A single distribution that integrates Portal, Application Server, Tomcat, Cache, Messaging, and Clustering. NOTE: Does not require additional purchase of Application Server as a prerequisite. Also includes access to the JBoss Customer Support Portal.	Does not include JBoss Operations Network or Developer Support Contacts
MCT1155	MCT1155RN	JBoss Enterprise Portal Platform, Premium (for up to 32 CPUs)	2 066 400 CZK	A single distribution that integrates Portal, Application Server, Tomcat, Cache, Messaging, and Clustering. NOTE: Does not require additional purchase of Application Server as a prerequisite. Also includes JBoss Operations Network and access to the JBoss Customer Support Portal.	
MCT1156	MCT1156RN	JBoss Enterprise Portal Platform, Standard (for up to 32 CPUs)	1 377 600 CZK	A single distribution that integrates Portal, Application Server, Tomcat, Cache, Messaging, and Clustering. NOTE: Does not require additional purchase of Application Server as a prerequisite. Also includes JBoss Operations Network and access to the JBoss Customer Support Portal.	
MCT1153F3	MCT1153F3RN	JBoss Enterprise Portal Platform, Premium (for up to 4 CPUs) 3 year	790 398 CZK	A single distribution that integrates Portal, Application Server, Tomcat, Cache, Messaging, and Clustering. NOTE: Does not require additional purchase of Application Server as a prerequisite. Also includes access to the JBoss Customer Support Portal.	Does not include JBoss Operations Network or Developer Support Contacts
MCT1154F3	MCT1154F3RN	JBoss Enterprise Portal Platform, Standard (for up to 4 CPUs) 3 year	526 932 CZK	A single distribution that integrates Portal, Application Server, Tomcat, Cache, Messaging, and Clustering. NOTE: Does not require additional purchase of Application Server as a prerequisite. Also includes access to the JBoss Customer Support Portal.	Does not include JBoss Operations Network or Developer Support Contacts
MCT1155F3	MCT1155F3RN	JBoss Enterprise Portal Platform, Premium (for up to 32 CPUs) 3 year	5 269 320 CZK	A single distribution that integrates Portal, Application Server, Tomcat, Cache, Messaging, and Clustering. NOTE: Does not require additional purchase of Application Server as a prerequisite. Also includes JBoss Operations Network and access to the JBoss Customer Support Portal.	
MCT1156F3	MCT1156F3RN	JBoss Enterprise Portal Platform, Standard (for up to 32 CPUs) 3 year	3 512 880 CZK	A single distribution that integrates Portal, Application Server, Tomcat, Cache, Messaging, and Clustering. NOTE: Does not require additional purchase of Application Server as a prerequisite. Also includes JBoss Operations Network and access to the JBoss Customer Support Portal.	
MCT1157	MCT1157RN	JBoss Hibernate Framework, Premium (for up to 4 CPUs)	51 660 CZK	Includes access to the JBoss Customer Support Portal for Hibernate	Does not include JBoss Operations Network or Developer Support Contacts
MCT1158	MCT1158RN	JBoss Hibernate Framework, Standard (for up to 4 CPUs)	34 440 CZK	Includes access to the JBoss Customer Support Portal for Hibernate	Does not include JBoss Operations Network or Developer Support Contacts
MCT1159	MCT1159RN	JBoss Hibernate Framework, Premium (for up to 32 CPUs)	344 400 CZK	Includes access to the JBoss Customer Support Portal for Hibernate	

MCT1160	MCT1160RN	JBoss Hibernate Framework, Standard (for up to 32 CPUs)	229 600 CZK	Includes access to the JBoss Customer Support Portal for Hibernate	
MCT1157F3	MCT1157F3RN	JBoss Hibernate Framework, Premium (for up to 4 CPUs) 3 year	131 733 CZK	Includes access to the JBoss Customer Support Portal for Hibernate	Does not include JBoss Operations Network or Developer Support Contacts
MCT1158F3	MCT1158F3RN	JBoss Hibernate Framework, Standard (for up to 4 CPUs) 3 year	87 822 CZK	Includes access to the JBoss Customer Support Portal for Hibernate	Does not include JBoss Operations Network or Developer Support Contacts
MCT1159F3	MCT1159F3RN	JBoss Hibernate Framework, Premium (for up to 32 CPUs) 3 year	878 220 CZK	Includes access to the JBoss Customer Support Portal for Hibernate	
MCT1160F3	MCT1160F3RN	JBoss Hibernate Framework, Standard (for up to 32 CPUs) 3 year	585 480 CZK	Includes access to the JBoss Customer Support Portal for Hibernate	
MCT1161	MCT1161RN	JBoss jBPM Framework, Premium (for up to 4 CPUs)	77 490 CZK	Includes access to the JBoss Customer Support Portal for jBPM	Does not include JBoss Operations Network or Developer Support Contacts
MCT1162	MCT1162RN	JBoss jBPM Framework, Standard (for up to 4 CPUs)	51 660 CZK	Includes access to the JBoss Customer Support Portal for jBPM	Does not include JBoss Operations Network or Developer Support Contacts
MCT1163	MCT1163RN	JBoss jBPM Framework, Premium (for up to 32 CPUs)	516 600 CZK	Includes access to the JBoss Customer Support Portal for jBPM	
MCT1164	MCT1164RN	JBoss jBPM Framework, Standard (for up to 32 CPUs)	344 400 CZK	Includes access to the JBoss Customer Support Portal for jBPM	
MCT1161F3	MCT1161F3RN	JBoss jBPM Framework, Premium (for up to 4 CPUs) 3 year	197 600 CZK	Includes access to the JBoss Customer Support Portal for jBPM	Does not include JBoss Operations Network or Developer Support Contacts
MCT1162F3	MCT1162F3RN	JBoss jBPM Framework, Standard (for up to 4 CPUs) 3 year	131 733 CZK	Includes access to the JBoss Customer Support Portal for jBPM	Does not include JBoss Operations Network or Developer Support Contacts
MCT1163F3	MCT1163F3RN	JBoss jBPM Framework, Premium (for up to 32 CPUs) 3 year	1 317 330 CZK	Includes access to the JBoss Customer Support Portal for jBPM	
MCT1164F3	MCT1164F3RN	JBoss jBPM Framework, Standard (for up to 32 CPUs) 3 year	878 220 CZK	Includes access to the JBoss Customer Support Portal for jBPM	
MCT1169	MCT1169RN	4-CPU JBoss Operations Network Core Management for Enterprise Application Platform	28 700 CZK	Optional Upgrade. Not included with any Subscription.	SLA and contacts map to Enterprise Platform
MCT1170	MCT1170RN	4-CPU JBoss Operations Network Monitoring for Enterprise Application Platform	57 400 CZK	Optional Upgrade. Not included with any Subscription. Requires JBoss Operations Network.	SLA and contacts map to Enterprise Platform
MCT1648	MCT1648RN	4-CPU JBoss Operations Network Monitoring for Enterprise SOA Platform	80 360 CZK	Optional Upgrade. Not included with any Subscription. Requires JBoss Operations Network.	
MCT1651	MCT1651RN	4-CPU JBoss Operations Network Core Management for Enterprise SOA Platform	28 700 CZK	Optional Upgrade. Not included with any Subscription.	
MCT1743	MCT1743RN	JBoss Operations Network Monitoring for Enterprise Web Server Premium, 32 CPU	68 880 CZK	Optional Upgrade. Not included with any Subscription. Requires JBoss Operations Network.	
MCT1744	MCT1744RN	JBoss Operations Network Core Management for Enterprise Web Server Premium, 4 CPU	5 740 CZK	Optional Upgrade. Not included with any Subscription.	
MCT1759	MCT1759RN	JBoss Operations Network Monitoring for Enterprise Web Server (up to 4 CPUs)	11 480 CZK	Optional Upgrade. Not included with any Subscription. Requires JBoss Operations Network.	
MCT1169F3	MCT1169F3RN	4-CPU JBoss Operations Network Core Management for Enterprise Application Platform 3 Year	73 185 CZK	Optional Upgrade. Not included with any Subscription.	SLA and contacts map to Enterprise Platform
MCT1170F3	MCT1170F3RN	4-CPU JBoss Operations Network Monitoring for Enterprise Application Platform 3 Year	146 370 CZK	Optional Upgrade. Not included with any Subscription. Requires JBoss Operations Network.	SLA and contacts map to Enterprise Platform
MCT1648F3	MCT1648F3RN	4-CPU JBoss Operations Network Monitoring for Enterprise SOA Platform – 3 Year	204 918 CZK	Optional Upgrade. Not included with any Subscription. Requires JBoss Operations Network.	
MCT1651F3	MCT1651F3RN	4-CPU JBoss Operations Network Core Management for Enterprise SOA Platform – 3 Year	73 185 CZK	Optional Upgrade. Not included with any Subscription.	
MCT1743F3	MCT1743F3RN	JBoss Operations Network Monitoring for Enterprise Web Server Premium, 32 CPU – 3 Year	175 644 CZK	Optional Upgrade. Not included with any Subscription. Requires JBoss Operations Network.	
MCT1744F3	MCT1744F3RN	JBoss Operations Network Core Management for Enterprise Web Server Premium, 4 CPU – 3 Year	14 637 CZK	Optional Upgrade. Not included with any Subscription.	
MCT1759F3	MCT1759F3RN	JBoss Operations Network Monitoring for Enterprise Web Server (up to 4 CPUs) – 3 Year	29 274 CZK	Optional Upgrade. Not included with any Subscription. Requires JBoss Operations Network.	
MCT1171	MCT1171RN	32-CPU JBoss Operations Network Monitoring for Enterprise Application Platform	367 360 CZK	Optional Upgrade. Not included with any Subscription. Requires JBoss Operations Network.	SLA and contacts map to Enterprise Platform
MCT1647	MCT1647RN	32-CPU JBoss Operations Network Monitoring for Enterprise SOA Platform	505 120 CZK	Optional Upgrade. Not included with any Subscription. Requires JBoss Operations Network.	
MCT1171F3	MCT1171F3RN	32-CPU JBoss Operations Network Monitoring for Enterprise Application Platform 3 Year	936 768 CZK	Optional Upgrade. Not included with any Subscription. Requires JBoss Operations Network.	SLA and contacts map to Enterprise Platform
MCT1647F3	MCT1647F3RN	32-CPU JBoss Operations Network Monitoring for Enterprise SOA Platform – 3 Year	1 288 056 CZK	Optional Upgrade. Not included with any Subscription. Requires JBoss Operations Network.	

Jboss Enterprise SOA Platform

MCT1374	MCT1374RN	JBoss Enterprise SOA Platform, Premium (for up to 4 CPUs)	464 940 CZK	A single distribution that integrates Application Platform with jBPM and Rules. Also includes access to JBoss Customer Support Portal.	
MCT1374F3	MCT1374F3RN	JBoss Enterprise SOA Platform, Premium (for up to 4 CPUs) - 3 Year	1 185 597 CZK	A single distribution that integrates Application Platform with jBPM and Rules. Also includes access to JBoss Customer Support Portal.	
MCT1375	MCT1375RN	JBoss Enterprise SOA Platform, Standard (for up to 4 CPUs)	309 960 CZK	A single distribution that integrates Application Platform with jBPM and Rules. Also includes access to JBoss Customer Support Portal.	
MCT1375F3	MCT1375F3RN	JBoss Enterprise SOA Platform, Standard (for up to 4 CPUs) - 3 Year	790 398 CZK	A single distribution that integrates Application Platform with jBPM and Rules. Also includes access to JBoss Customer Support Portal.	
MCT1376	MCT1376RN	JBoss Enterprise SOA Platform, Premium (for up to 32 CPUs)	3 099 600 CZK	A single distribution that integrates Application Platform with jBPM and Rules. Also includes access to JBoss Customer Support Portal.	
MCT1376F3	MCT1376F3RN	JBoss Enterprise SOA Platform, Premium (for up to 32 CPUs) - 3 Year	7 903 980 CZK	A single distribution that integrates Application Platform with jBPM and Rules. Also includes access to JBoss Customer Support Portal.	
MCT1377	MCT1377RN	JBoss Enterprise SOA Platform, Standard (for up to 32 CPUs)	2 066 400 CZK	A single distribution that integrates Application Platform with jBPM and Rules. Also includes access to JBoss Customer Support Portal.	
MCT1377F3	MCT1377F3RN	JBoss Enterprise SOA Platform, Standard (for up to 32 CPUs) - 3 Year	5 269 320 CZK	A single distribution that integrates Application Platform with jBPM and Rules. Also includes access to JBoss Customer Support Portal.	

Support Contact Schedules

Number of CPUs	Production Support Contacts
1 to 31 CPUs	2
32 to 63 CPUs	10
64 to 127 CPUs	15
128 to 255 CPUs	20
256 to 511 CPUs	25
512 to 1023 CPUs	28
1024 to 1503 CPUs	30
1504 to 2559 CPUs	32
2560 CPUs and over	35

Number of CPUs	Developer Professional Subscriptions
1 to 31 CPUs	0
32 CPUs and over	2

Additional Developer Professional or Developer Enterprise Subscriptions may be purchased separately

Please Note: Production contacts and Developer Professional Subscriptions are not linked to specific numbers 4 or 32 CPU Units. The map to total CPUs deployed.

MetaMatrix Enterprise Data Services Platform

1 Year (New) Item Number	1 Year (Renewal) Item Number	Item Description	EUR List Price
MCT1612	N/A	MetaMatrix Data Services Platform Standard	1 010 240 CZK
MCT1613	N/A	MetaMatrix Data Services Platform Premium	1 515 360 CZK
MCT1614	N/A	MetaMatrix Data Services Platform Standard - ODBC Access	183 680 CZK
MCT1615	N/A	MetaMatrix Data Services Platform Premium - ODBC Access	275 520 CZK

Includes access to the JBoss Customer Support Portal for MetaMatrix
Includes access to the JBoss Customer Support Portal for MetaMatrix
Includes access to the JBoss Customer Support Portal for MetaMatrix
Includes access to the JBoss Customer Support Portal for MetaMatrix

MCT1614F3	N/A	MetaMatrix Data Services Platform Standard - ODBC Access - 3 Year	468 384 CZK
MCT1615F3	N/A	MetaMatrix Data Services Platform Premium - ODBC Access - 3 Year	702 576 CZK

Includes access to the JBoss Customer Support Portal for MetaMatrix
Includes access to the JBoss Customer Support Portal for MetaMatrix
Includes access to the JBoss Customer Support Portal for MetaMatrix
Includes access to the JBoss Customer Support Portal for MetaMatrix

- MetaMatrix Enterprise Data Services Platform is a powerful data services management system that makes it easy for your applications to use data from many data sources. Pricing refers to use of Enterprise Server, Designer and Console with access to unlimited data sources.

- MetaMatrix EDSP is sold in 4-CPU ("CPU" = "socket") units. There is no 32-CPU unit at this time.

- MM does not currently participate in the JBoss Dev Subscription offering: prospects must purchase one "Dev" unit at 50

% cost for Dev support, only available in standard SLA.

- MetaMatrix Data Services Platform Standard - ODBC Access :
Includes 4 server CPUs of ODBC access, unlimited clients, enabling ODBC-based applications to read and write data from MetaMatrix.

- MetaMatrix Data Services Platform – Metadata Importer :
Includes optional Designer component to support import of models designed in 3rd party tools like ERWin, E/R Studio, Telelogic SA . Pricing refers to 1 model

Jboss Enterprise Web Server
